		Without Controls Upgrade			

Take Advantage of New Limited-Time Bonus Incentives for Your Customers!

For a limited time, get a bonus incentive of approximately 10% added to the base incentive.

- Bonuses are applied before project-level incentive caps.
- An incentive offer is required to be eligible for bonus funds, and bonus incentive funding is subject to availability.
- To receive the bonus incentive, applicable measures must be installed and the final project submittals sent by **Nov. 30, 2025**.
- Projects completed after **Nov. 30, 2025**, will not be eligible for these special bonus incentives.
- Bonus deadlines and full terms and conditions will be available on the Pacific Power website and may be modified at any time.
- Actual bonus determined based on final project submittals.
